Permissions

Findacure will only contact entrants with information directly related to the 2018 edition of the Student Voice essay competition unless you explicitly opt for further information. We will not share your details with a third party without your explicit permission (which is not provided by checking either of the boxes below).

Findacure may want to contact you directly if any opportunities arise that are a direct consequence of your entry into the competition, even if you are not selected as a winner. This would include invitations to publish your entry as a blog, to write for our website, or to share your opinions and expertise on rare diseases with other parties. Please indicate below if you are happy to be contacted by Findacure about such opportunities.

I am happy to be contacted directly by Findacure with relevant opportunities.

Finally, Findacure would like to add you to our community mailing list where you will receive occasional emails about our upcoming events, projects, and activities in the rare disease world.

I would like to be added to Findacure's community mailing list.

You can learn more about how Findacure use your data by reading our [privacy policy](#).

Medics4RareDiseases are collaborating with Findacure for the Student Voice Essay competition 2018. Medics4RareDiseases is a not-for profit organisation driving an attitude change towards rare diseases amongst medical students and doctors in training.

Medics4RareDiseases would like to add your email address to their mailing list where you will hear about rare disease activities targeting the medical student and clinical community.

I would like to be added to Medics4RareDiseases mailing list.

You can learn more about Medics4RareDiseases at www.m4rd.org and find out how they use your data by reading their [privacy policy](#).
